

Dogtown Cincinnati Health Requirements

Dear Doctor,

Thank you for taking time to review the vaccination and testing requirements at Dogtown Cincinnati. We are a pet care facility for dogs and cats located in downtown Cincinnati in the Corryville/Mt. Auburn area. Owners have the opportunity to let their dogs and cats stay with us in our cage-free playrooms.

CAT REQUIREMENTS:

Cats staying with us must have FVRCP, FLV/FELV and Rabies vaccinations within the past 12 months. Cats must also be flea-free.

DOG REQUIREMENTS:

Dogs staying with us must have DHPP, Rabies and Bordetella vaccinations within the past 12 months. Dogs must also be flea-free.

Please help our clients by confirming their pets are up-to-date on their health requirements. All pets should receive routine yearly tests showing good health and must be negative for all communicable diseases. In order to protect the cats and dogs entrusted in our care, we need to make sure all pets with us are healthy.

Thank you,

Dogtown Cincinnati, LLC
